

NEWS AND GOSSIP OF SCREEN AND STAGE

Varied and Interesting Programs Are Offered in Local Theaters.

Anna Nilsson and Tom Moore appear today on the Bijou screen in "The Lost Paradise." Eugene Besserer and an all-star cast are seen in "His Brother's Keeper." Mae Marsh is presented in "The Son of the House" and a Rubie Goldberg cartoon comedy is shown.

Eugenie Besserer (A Popular Selig Star.)

Saturday, Barney Bernard who delineated Abe Potash in the celebrated Hebrew stage comedy, will be presented with Mrs. Moscovitch in a five act Blue Ribbon comedy, "Phantom Fortunes." This picture has made a big hit in every eastern city.

Miriam Collins has been engaged for a leading role with William Hodge in his latest play, "Fixing Sister."

Selwyn and Company will bring their sensational farce success, "Fair and Warner," to Clarksburg for two performances October 5 with an ideal cast of farceurs, and a beautiful production, so that the theatergoers outside of New

York shall see Avery Hopwood's farce classic under circumstances as favorable as those which made it famous. "Fair and Warner" was unanimously declared to be wittier, more dramatic and more unusual even than Mr. Hopwood's former great successes, "Seven Days" and "Nobody's Widow." It ran for one year at the Eltinge theater, New York, and was more popular, by box office count, even than the renowned "Within the Law."

In addition to the 1,100 people engaged in "The Big Show," the current Hippodrome triumph, Charles Dillingham has re-assembled the big organization of last season "Hip Hip Hooray" which opens in Philadelphia October 14. This will be the first time a Hippodrome show has travelled out of New York intact and there are only six theaters in America large enough to play the spectacle.

"The Fable of a Throbbing Genius of a Tank Town Who was Encouraged by Her Folks Who Were Prominent," is the title of the latest George Ade fable to be filmed by Essanay. It is constructed on the craze of entering the film firmament, and giving as it does a chance for motion picture people to build a satire on something connected with their own profession, it is certain to be laughable.

"Arms and the Girl," a romantic comedy by Grant Stewart and Robert Baker, is soon to be produced in New York.

Richards, "The Wizard," and company are offering another new program of mystic sensations and surprises with an abundance of comedy and novelty at the Palace theater. The feature for today is "The Queen of All Nations" and "The Tub of Diogenes." Richards has one of the finest mystery film shows that has ever been seen in Clarksburg. He is playing in packed houses every night and those who have not already seen this excellent attraction should do so tonight.

Orrin Johnson has been engaged for the leading role in the dramatization of the Whitcomb Riley poems under the name, "An Old Sweetheart of Mine."

The Triangle's famous trio of Broadway stars, Bessie Barriscale, Charles Ray and Louise Glaum, appear in "Home," a Thomas Ince play, at the Orpheum theater today and tomorrow. The story is wonderfully wrought and is presented in five acts. Bessie Barriscale does all sorts of naughty things in her interpretation of the part of Bessie Wheaton in this play. The role of Bessie Wheaton is that of a girl who devotes her efforts to saving her family from the evils of a too suddenly acquired wealth, and she nearly sacrifices her own life's happiness in succeeding.

De Wolf Hopper appears in a two reel Keystone comedy, "Puppets."

Although it was rumored that Marguerite Clark would return to the speaking stage this fall, it is now announced that she will remain in motion pictures for the next two years.

The feature at the Grand today is Virginia Pearson in the latest William Fox release, "Daredevil Kate." An extra added feature is the sensation of Pittsburgh, "Diana the Huntress." The latest Pathe News is also on the bill.

Tomorrow, Theodore Roberts in "Pudd'nhead Wilson" will be the feature attraction and the first episode of "The Crimson Stain Mystery" will be the added attraction.

Cyril Harcourt, author of "A Pair of Silk Stockings," had a new drama produced in New York this week, called "The Intruder." The scenes laid in Paris, mix up the eternal triangle of French plays with a burglary, the husband in the case acting the part of detective and his double wrong.

Lyman H. Howe motion pictures delighted a fair-sized crowd at the Robinson Grand theater Thursday evening. Inclement weather no doubt cut the crowd in half. The cartoons were better than ever and kept the crowd laughing a great part of the time. The Howe pictures have a nationwide reputation and their visits are always anxiously awaited by hundreds of pleasure patrons.

BRONCHIAL DISEASE FATAL.

William Skidmore, aged two years son of Mr. and Mrs. W. T. Skidmore of Columbia mines, died at 3 o'clock Friday morning following an illness of bronchial disease. The deceased child is survived by his parents and Velva and Iva Skidmore, sister. Funeral services will be held at 10 o'clock Saturday morning at the Skidmore home and the burial will be in the Union Mission cemetery.

WEST VIRGINIA TAKES PART IN CAPITAL NEWS

Events of Washington, D. C., Are Reported by Telegram's Correspondent There.

(SPECIAL TO THE TELEGRAM) WASHINGTON, Sept. 29.—A four-day and enthusiastic meeting was the "house warming" given by the recently organized Hughes Club of the District, this week, in its new quarters in the rooms recently occupied by the National Press Club. The election of Charles Evans Hughes was the confident prediction of every speaker, a belief that was encouraged by the presence of representatives of many states, all of whom reported a decided leaning toward the former justice of the supreme court, as reported from their folks back home.

John C. Capers, who has been campaigning in West Virginia, brought encouraging reports from that state as well as from Indiana and Kentucky. Some of the independent voters of the southern states, he said, would surprise the rest of the country by the votes which they will cast for representatives in Congress. He predicted that a number of Republicans would be sent to the House from these states. The sentiment, he said, in favor of Hughes had grown strong in southern states in the last few weeks, where heretofore the voters had been lined up solidly for Wilson.

Reports from the speaking tour of West Virginia just completed by Senator Borah were also encouraging, and, at the national headquarters here, it is said, that hundreds of votes have been added to the Hughes following as a result of his trip.

Brigadier General Granger Adams, who retires today from active service in the regular army, on account of age, served his first call to arms after his graduation from West Point in West Virginia. He is one of the artillery experts in the army, was graduated in 1876, and shortly after was sent with others of the regular army into West Virginia and Pennsylvania to deal with railroad disturbances which were in progress there. General Adams' most recent assignment has been the command of a field artillery brigade at Fort Bliss.

The Rev. J. H. Jeffries, of this city, officiated Thursday at the ceremony which united in marriage Miss Emma McNamee and Mrs. Charles J. Morgret, of Berkeley Springs, W. Va. Other West Virginians who honeymooned in Washington were Mr. and Mrs. Benjamin L. Dellinger, of Wardensville. Mrs. Dellinger was formerly Miss Virginia D. Wilson, of this city.

The executive committee of the Columbia Union Conference of Seventh Day Adventists, which has supervision over West Virginia, has

planned to establish a \$50,000 fund to assist worthy students through school. Young men and women connected with the church in West Virginia, Pennsylvania, Maryland, Virginia, Delaware and New Jersey, who cannot attend either a denominational academy or college, on account of a lack of finances, will reap the benefits of this fund. The decision to establish this fund was reached at the meeting of the executive committee this week, when the presidents from all the state conferences and departmental secretaries were in attendance. The fund will be operated as an endowment with a certain number of students reaping the benefits from it each year. Eligible students in all the churches throughout these states will be notified of the action of the committee regarding the fund, and successful candidates will enter the denominational College maintained in this city, or the denominational college at Mount Vernon, O.

Announcement of interest to those West Virginians who have been actively engaged in the effort to secure relief for suffering Syrians was made here today by Director General E. P. Bicknell, of the American Red Cross. Director Bicknell, before his departure for New York, where he went to confer with the committee for Syrian and Armenian relief, made the statement that the American Red Cross is doing everything in its power to further the cause of the stricken people, and his visit to those who have the matter in charge in this country is for a conference as to the greatest and most immediate needs of the sufferers. Plans will be made for nation-wide publicity to swell contributions on October 21 and 22, which have been set apart for efforts to aid the two stricken peoples.

Mrs. Naomi Swan, as the national delegate, and other members of the Daughters of America of the District, will go to Wheeling today to attend the national convention of the order, which will begin its sessions there October 3. The Daughters of America "object to child labor, the use of the American flag for advertising purposes, are anxious for complete separation of church and state, and uphold all American institutions, such as free schools, public assembly, free speech, etc.," according to their recent announcement.

If Too Fat Get More Fresh Air

BE MODERATE IN YOUR DIET AND REDUCE YOUR WEIGHT. TAKE OIL OF KOREIN.

Lack of fresh air, it is said, weakens the oxygen carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs is hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from Bland's Drug Store, Farrell's Drug Store or any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight. —Advertisement.

mer United States Senator Nathan B. Scott, is one of four Washingtonians named as a finance committee to help along in the special ten-day campaign for the collection of funds by the Republican state committee of the District. Not that the committee expects efforts to cease at the end of the ten-day campaign, but merely that special effort is to be made for a whirlwind campaign in the ten days specified. It was said today by members of the state committee that already many large and substantial collections have been made from Washingtonians who in the past have been Democrats.

Through Congressman Neely the state department has been urged to locate Bernard Carena and family, whose last known address was Charlerol, Belgium. The Carena family have many relatives in friends at Salem, W. Va., who are anxious as to the safety of its members. A similar request has been made for Leon Carena, last heard of near Liege, whose home is also at Salem.

Congressman Sutherland has filed this week with the pension bureau applications for increased pensions for Anna E. Smith, of Palestine; Julia A. Ford, of Fairmont; Indaber E. Young, of French Creek; Sarah A. Dudley, of Fairmont; Lucy J. Brown, of Bellington. He has filed papers asking for an original pension for Mrs. Louisa Frow, of Weekley; also a request that Mrs. Katy Vanscoy, a former pensioner, but dropped from the rolls on account of remarriage, be restored to the rolls. Mrs. Vanscoy lives at Kerens. A similar request was made in the case of Mrs. Sarah Dawson, of Shanks.

Scores of voters desiring to return to their homes to take part in the elections in November were elated over the announcement which was made today at the newly opened headquarters of the League of Republican State Clubs. The president of the organization is in receipt of a letter from the Trunk Line Association giving the information that the Trunk Line Association has fixed the voters' railway fare at two cents a mile for five states which are nearly Washington, and of which West Virginia is one. The tickets to be sold

are good going on dates beginning November 5 and are so regulated that passengers will reach their destination not later than November 7, and are good returning until November 12. The chairman of the various Republican state committees throughout the country are sending to the Washington headquarters of the states' clubs information regarding dates of registration and the laws of states dealing with the qualifications for voters. The bureau of information

will also, it is said, send field

men into West Virginia and other

nearby states to take part in the

campaign.

ACUTE AND CHRONIC RHEUMATISM

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schullz expresses the opinion of thousands of practitioners when he says that anti-rheumatic tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed in headache, neuralgia and all pains. Ask for A-K Tablets.
